SleepMaker™

Hypo Allergenic materials giving you a safe and comfortable sleep surface.

Supportive Back Care to give your spine the crucial comfort and supports it needs.

10 Year Warranty giving you a peace of mind with your investments for 10 years.

BEDS FOR GROWING BACKS

ROOM TO MOVE

Get something they grow into. There is nothing worse than feet hanging out at the bottom of the bed

GOOD BACK SUPPORT

For growing bodies proper back support can help a good posture for life

TEMPERATURE CONTROL

Young bodies get hot and cold all the time. Ensure fabrics contain temperature control properties

IT'S ALL ABOUT THE BASE

What you put your mattress on is equally as important as the mattress itself. The wrong base can lessen support levels, mattress structure and comfort levels

King Koil Carlson

A great night sleep doesn't have to break the bank

The King Koil Carlson range features advanced comfort technology AeroComfort featuring AeroQuilt to provide breathable comfort that is more resistant to body impressions.

Memory Foam conforms to your body helping to relieve pressure that can cause tossing and turning.

Free from CO2 and other harmful chemicals.

The Conforma Coil support system conform to your body shape to provide all over support and pressure relief. The Conforma Coil support system also features Profile Edge Support, consisting of firmer springs around the perimeter of the mattress to help maximise the sleep surface and create a stronger edge.
